**EEO PUBLIC FILE REPORT  
FEBRUARY 1, 2021 - JANUARY 31, 2022**

**III. RECRUITMENT INITIATIVES**

<b>Type of Recruitment Initiative</b>		<b>Brief Description of Activity</b>
1	Personnel Training	(The licensee) provides regular training to its employees based on the job description of employee. Account Executives receive sales training. Board Operators, as well as Programming Directors, meet together with the Chief Engineer to discuss technical operations and proper programming for on-air operations and upcoming Live Events. These ongoing efforts provide employees with the opportunity to develop their skills. Regular full-staffing meetings are also held to acquaint both programming and sales with what is going on in each department of the station.
2	Event Participation	<p>(The licensee) set up a booth and broadcast live at three different local weekend shows. The Spring Home Show, April 23-25, 2021, and the Home for the Holidays Home Show, November 20-21, 2021. The thousands that attended these shows were able to stop by and talk with employees about radio and opportunities in broadcasting.</p> <p>(The licensee) set up and staffed a booth during the licensee's annual Farm Show that was held January 14-15, 2022. Even though the latest variety of Covid-19 did hamper the vendor participation and visitor attendance somewhat, there were still thousands that came. The booth was manned during the entire show by station employees who were available to talk with show attendees about our radio group and opportunities in broadcasting.</p>

		<p>Many other opportunities of outreach were lost as many job fairs, shows, and especially indoor events were cancelled during the year due to the uncertainty of the Covid-19 pandemic and its variants.</p>
3	Advisory Committee	<p>Station's Operation Manager serves as a charter member of the Northern Oklahoma College Mass Communications Advisory Committee.</p> <p>This consists of a select group of area broadcasters and newspaper print operators that were put together to help advise the college on courses of study and technological advances in the field to best prepare students for employment after graduation. Due to the Covid-19 pandemic, the Advisory Committee held their annual meeting virtually by Zoom on October 19, 2021, instead of the normal meeting at the college.</p>
